Dear Sirs

Report of the investigation following an incident involving a dropped object on Gyda on 15 May 2019

The Petroleum Safety Authority Norway has completed its investigation of the above incident. We hereby attach the report of our investigation.

This report specifies identified nonconformities, and we would request an explanation of how these will be dealt with. The report also contains on observations about conditions with a potential for improvement, and we would request your assessment of these.

We would request a response to this letter no later than 7 October 2019.

We also request that this letter and the report are made known to the elected officers for the workforce, including the safety delegates.

Should you detect factual errors in the report, please contact us no later than a week from the date of this letter.

The report will be published on our website one week after the date of this letter.

Yours faithfully

Erik Hørnlund, by authority
head of supervision

Lars Melkild
principal engineer

This letter has been approved electronically in the PSA and accordingly bears no signatures
